#### SMALL CHANGE.

Somewhat warm.

A fine shower fell here last Wed-

All is quiet among the telegraph-

When will Milan hitch on to the telephone? Irish potatoes are plentiful and

cheap here. Cholera is among the hogs at

Spring Creek, we hear. The whir of the wheat thresher is

now heard in the land. Be careful how you eat unripe fruit. Flux is abroad in this region.

An interesting revival is in progress at the Baptist church in Gibson. Business is very good here, considering it is the middle of the dull sea.

Irsh potatoes are worth fifteen cents per bushel here. Better feed them to

Some of our young people had a party at the residence of Mr. Harvey Mitchum last night.

Everything to eat and wear is plentiful and cheap here now and there are comparitively few idlers.

Several saloon keepers of Milan have been indicted by the grand jury for selling whisky on Sunday.

The free use of lime on our streets, alleys and back premises will contribute much to the general health.

Camp meeting will begin at Double Springs next Saturday. Considerable preparations are being made for

A light shower fell here Tuesday night, refreshing vegetation and making the air pleasanter for every-

Suppose we all go to work and do what we can to build up and talk up Milan. If we will, a boom will strike us, certain.

The cattle in this neighborhood are again suffering with murrain, and several have died. A close quarantine should be enforced.

out of Forked Deer river, one day this week, near Young's mill.

A game of base ball was played vesterday between the first and sec ond nine of this place. The score stood 40 to 42 in favor of the second nine.

Or. A. A. Davidson cleared \$230 on one acre of raspberries this year, and lost about \$45 worth by delay of fruit trains. How does this compare with cotton?

Cotton and corn are very promising around here. We hear of a few sorry crops, caused by wet weather and grass. The general outlook, though, is good.

Humboldt Argus: While riding on a log wagon yesterday, Elton Fox, aged eight years, had the fingers of his right hand severely mashed by the log rolling on it.

Dr. Danner has just received a supply of the best Gravely chewing tobacco-something which there has been a loud call for here. Ye lovers of the weed, go and get something

We learn that the school three miles south of town has been suspended on account of the prevalence of flux in the neighborhood. There are many cases south and east of

town. The house occupied by Henry Gammon, colored, on Esquire Jordan's farm, was burned on Friday night of last week, including his furniture, bacon, and other property. A small subscription is now in order to set Henry up again.

#### Eight coal cars broke loose on the high grade at the coal shute this side of Humboldt last Monday evening, when they ran down with terrific

force, smashing them to smithereens.

No one hurt. There are many hogs in this part of the country, and there will be plenty of corn to fatten them. Meat and bread will be plentiful; all who work

will prosper, and those who will not work ought to starve.

Mr. Wils. Harrison has received a new evaporator and set it up in his orchard, near the cotton compress. He will fire up and begin business next Monday, when we hope he will keep busy during the season.

Trenton Globe: The committee appointed to investigate the indebtedness of Gibson county have advertised for all who hold warrants to bring them forward and have them recorded. This is the surest way to arrsive at the exact indebtness of the

An election will be held in each district of the county on Thursday, the second day of August, of one school director. It will be well to look out for the best men for the position. Who are candidates? Let us hear from them, and have no dark

Now is a good time to lay in your winter's coal. We learn that the L. & N. company have put the price down lower than last year. This is indeed a substantial favor, and we take pleasure in recording it. Railroads should be blessed sometimes, and not cursed all the time.

Camp meeting begins at Shiloh today. We hear that there will not be many campers, owing to the sickness around. A protracted basket meeting might possibly be better. There will be no service at the Methodist church here to-morrow, and many of the congregation will go out to the meeting at Shiloh.

M. M. Neil, Esq., pro tem judge, Humboldt Argus: A catfish which Humboldt Law Court this week. something to do with it. weighed thirty-six pounds, was caught Adjournment was had from Tuesday his many Milan friends until Friday, to allow the lawyers to get ready with several cases, and we are not prepared to give the proceedings. The new judge presides with ability and dignity, as his friends ex pected. The grand jury has been discharged.

The regular annual barbecue, given by Mr. John Shepherd to his hands when crops are "laid by," was enjoyed by his family and relatives yesterday. There were near fifty whites and as many blacks present. The barbecued mutton and pork were excellently cooked, and were enjoyed by all. These annual feasts are looked forward to eagerly by the hands as well as the white people.

The Cumberland Presbyterian, published at Nashville, has recently been enlarged and improved, and is now one of the best church papers in the country. It is well worthy of a more liberal su, port than it receives. The publishing house has paid an immense debt during the past ten years and is now in good condition to get up a better paper than ever. We trust it will continue to prosper.

Would it not be well for our city sanitary committee to have the streets, alleys and private premises cleaned up? Cholera and yellow fever are both raging in other countries, and both may gain a foothold in this country at any time. Let us clean up and thus be better prepared to fight it off if it should reach us. Besides, other diseases are prevented by cleanline s, and the town would gain in good looks and comfort.

#### PERSONAL.

Johnny Grey spent a day or two with his friends here this week.

Mr. Louis Person, of Paducah, is visiting his brother, Rich Person. Mrs. H. W. Clark has returned

from a visit to triends in Chicago. R. P. McKelvy, a popular ladies' man, will assist Tom Harrison a day or so, so Haray can recuperate.

Mr. R. Y. Moore, of McKenzie, accompanied by his daughter Nora and son Ben, are visiting relatives

Rev. M. M. Taylor, of Dyers. burg, has been visiting here this week, and has been quite unwell. We are glad he is inproving.

Mr E. Harrison, of Rome, one of Middle Tennessee's most substantial citizens, spent a few days here last week, visiting his children.

Will Hawks, the livest and cleverest tobacco man who travels this section, gave us a plug of Gravely's best last Tuesday. It is delicious.

Quite a number of young ladies are visiting our town, but we have not been furnished with their names, and consequently cannot give them to the public.

Mr. Geo. Cade has returned from a trip to Texas. He thinks of moving his compress to Waxahatchie, where strong inducements have been offered him. Milan will lose one of her best citizens when he leaves.

James E. Rigsbee, Esq., died at Rutherford last Sunday. He was an old and valuable citizen of the county, having lived here fifty-four years of the fifty-seven of his life. He was for many years a magistrate.

Hardy Deshong, the popular, handsome and clever clerk at Tom Harrison's Horse Shoe store, has been on the puny list a week. He has the symyathy of all the ladies and we hope he will be all right soon. Overwork during the hot weather did it. Smoking bad cigars presented him has been trying state cares in the the past two weeks, perhaps, had

pleased to learn that Mr. Horace W. Clark, superintendent of the New Orleans division of the Illinois Central road, is acting as general superintendent during the absence of Captain Sheafe. Horace is climbing up the railroad ladder very fast, and we hope to see him on the top round yet. He has our congratulations.

### Missing Papers.

The following numbers of the Exchange have been lost from our files. Any one furnishing them to us will be liberally paid.

All the copies from Jan. 20 to May 7, 1881, Sept. 17 and 24, Oct. 1 and 29, Nov. 5, and Dec. 10, 1881.

The Nashville American says Railroad Commissioner Gordon has returned recently from New Orleans, where he obtained satisfactory concessions from the New Oleans, Jackson & Great Northern railroad in regard to rates on fruit.

Capt. Webb, the swimmer, thought he could go over Niagara falls safely. He has not been heard from since his foolhardy attempt.

The Louisville Southern Exposition will open next Wednesday.

#### Gentlemen Tourists

Should have nice duster, nice umbrella, sailor knot tie, half-dozen nice shirts, some nice half hose, box handkerchiefs, pair fine silk supenders, memoranda book, a chicken basket and a nice photograph album. beautiful lot of these goods can be had at Tom HARRISON'S.

#### A Good Plan.

Uncle Jimmy Blankinship, the best city tax collector in the state, suggests a plan which, if carried out, will give us a first-class free school ten months in the year, and we believe there are enough public-spirited men in town to carry it out successfully. We have, for various reasons, heretofore failed to vote a tax for this purpose, although we believe a majority of the voters actually favored it. The consequence has been, that we have had a free school one year and a private school the next. His plan is this: He is willing to pay a voluntary tax of ten dollars per year toward the support of a good public school, with the understanding that those who pay shall have the benefit of the increased time the school is taught.

He has no children to send, but will do this for the general good of the town. This is patriotic, and he deserves praise for it. The Exchange will joiu in this movement, and will cheerfully pay a timilar tax. How many others will help? Let us have an early and generous response. If any citizen wishes to learn further details, we will cheerfully divide our information of the plan with him. Let us rally and boom the matter

#### Card of Thanks.

I have gotten well of a long-standing, severe case of dyspepsia. I had almost dispaired of ever again being free from this depressing disease, having taken so many different remedies from different physicians. I now feel very much like I have a new lease on life. Ought I not to rejoice that through God's providence I placed myself under Dr. B. C. Kelsay for treatment? The Doctor saw proper to treat me free of charge, after I had paid him \$2 for the first medicine. He also, in his liberality. presented to me sixty dollars for my church, at Milan, at the same time requesting me to say nothing about the gift. But I claim the right to thus publish my thanks, as I have done for other contributions to my church for its completion.

I publish this at my own but I am free to confess that Dr. Kelsay paid me to put it in, not with the sixty dollars but with a degree of health which has been worth a great deal for two months past, and if it continues some time will be worth a few thousand. Respectfully, J. D. Lewis.

#### Off for the Springs.

All Lady tourists should be sup-plied with hoop skirts, sun shades, a nice box of hose, a nice ulster, nice fan, bottle of perfume, cake of nice soap, cuffs and collars, pair nice slippers, pair nice kid gloves and some nice Berege or Bobinet veiling. There is a nice line of these articles at TOM HARRISON'S.

M. A. Whittaker. Lewisburg, Tenn., says: "I have sold Brown's Iron Bitters for some time with entire satisfaction.

#### Weekly Installments.

Nice line prints, lawns, white mus-lins, and finest makes bleached domestics received every week, and a fine lot now in at Tom HARRISON'S.

THE REV. GEO. H. THAYER, of Bourbon, Ind., says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE."
